Learn about reptiles and amphibians. Live animal visit.

5 REASONS TO PARTICIPATE IN THE SUMMER LIBRARY CLUB

Free programs encourage and support a love of reading and learning. The full schedule is on the other side of this flyer. ** We ask that you sign up for any scheduled program.

Summer is time to check out whatever you want to read. No counting books, points, or minutes. No keeping track of what you read. Reading should be fun! All you need is a library card.

Short do-it-yourself activities will be featured at the library during the summer. These include puzzles, games, or simple crafts that may be enjoyed any time during regular library hours.

Reading over the summer helps increase and/or maintain the reading level and learning skills you worked so hard to achieve during the school year.

The library is a place to have fun while learning and reading . . . a place the whole family can enjoy.

To learn more about the library and sign up for one or more of the programs, please visit Paris Public Library, call 217-463-3950, or check www.parispubliclibrary.org
